History

Identity Emerges from Roots

Comparatively young among institutions of higher learning, the College has roots that reach back over a century and a half to a wise, saintly woman, Blessed Pauline von Mallinckrodt. Only four years after founding the Sisters of Christian Charity, the congregation which sponsors the College, she established a Normal School for teachers in 1853 within the motherhouse in Paderborn, Germany.

Convinced of the surpassing value of the ministry of education, Mother Pauline required her young Sisters to become as qualified professionally as their contemporary lay counterparts. Simultaneously intent on their religious formation, she provided for an integrated program of spiritual, intellectual, and cultural development.

Pressing challenges abounded, but the clarity of the vision of the Foundress remained unclouded. Her new community flourished; however, twenty years after its inception Germany experienced the “Kulturkampf” under Chancellor Otto von Bismarck. Forced to choose between either secularization or the loss of nearly twenty institutions, Mother Pauline, faithful and insightful, accepted the latter. With unwavering trust in Divine Providence, she responded to the needs of the Church across the sea in the Americas.

Her congregation, suppressed in its native land, attracted many young women in the New World where it took firm root. Hardships were numerous, but the Foundress retained her commitment to a holistic education of the young Sisters. Already in 1873 the new motherhouse in Wilkes-Barre, Pennsylvania, housed the Mallinckrodt Normal School, affiliated with the Bloomsburg Normal School (today Bloomsburg University).

The Normal School, transferred with the motherhouse to Wilmette, Illinois, developed into an accredited two-year college in 1923. When rapid growth of the Sisters of Christian Charity in North America resulted in the creation of the Eastern Province, God led them to scenic Mendham, New Jersey, where they established a second motherhouse.

Faithful to the spirit of the Foundress, superiors immediately integrated the academic development of the young postulants and novices with their religious formation. Seton Hall College (now University) allowed the Sisters to function as an extension of its institution, a situation which continued until 1953.

Incorporation of Assumption College for Sisters

Encouraged by Seton Hall, the Society of the Sisters of Christian Charity of New Jersey, under provision of its charter of incorporation, replaced the extension with Assumption Junior College, approved by the State in 1953. In 1961 this institution, newly entitled Assumption College for Sisters, was incorporated as a separate legal entity, authorized to confer appropriate academic degrees on women religious and those in the program of religious formation. The College remains the embodiment of the heritage received from Blessed Pauline von Mallinckrodt. It witnesses to her conviction that the Sisters should be well prepared, both spiritually and professionally, to spread the Kingdom of God through sound education, from which, in her words, “flows the temporal and eternal welfare of the individual and of society.”

Licensing, Accreditation, and Memberships

Assumption College for Sisters is licensed by the Commission on Higher Education of the State of New Jersey and accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA, 19104, (267) 284-5000. The College earned its initial accreditation in 1965 and reaffirmation of accreditation in 1975, 1985, 1995, 2005, and 2016.

The intercommunity, international, multicultural dimensions at ACS generate a global spirit of community among faculty and students. Assumption values reverence for the dignity of each person and a commitment to integrity, peace, justice, and service. This positive and inclusive atmosphere helps religious build a firm foundation in truth and charity.

In recent years, ACS has welcomed an increasing number of women religious from Africa and Vietnam as full-time, resident students. Although the Sisters of Christian Charity had been accustomed to sponsoring a few international students periodically since 1968, the recent increase in students from developing nations represents a new direction in the College's mission of educating women religious.

Assumption College for Sisters welcomes lay persons to take courses for credit or audit and to pursue the Certificate in Theological Studies. They are invited to audit any course and to attend workshops. Their presence is mutually beneficial to all members of the College community. By opening its doors to them, ACS deepens its commitment to the education of those who serve the Church through ministry.

Goals

The goals and objectives of Assumption College for Sisters clearly support its unique mission while retaining the expectations and aspirations of higher education.

Integrated Religious Formation

- holistic education incorporating a learning-oriented environment, development of academic skills, and opportunities for cultural enrichment.

Leadership

ACS strives to form women who will be a light for the world and a leaven in society. Whatever form their service may take, Assumption's students need to be prepared to assume the responsibility of Christian leadership and the commitment to bring, through countercultural witness, the Gospel message to God's people. The College aims to instill qualities of leadership in its students by assisting them to develop:

- collegiality demonstrated through shared decision-making;
- knowledge and appreciation of each community's heritage and culture;
- incorporation of student languages and customs in liturgy and other celebrations.

Financial Information

Tuition

A great part of the financial cost of operating Assumption College for Sisters is assumed by the Sisters of Christian Charity. Tuition is \$170 per credit. Tuition for auditing a course is \$85 per credit. Tuition and fees are subject to change.

Since the College confers degrees only upon women religious and those discerning religious life, ACS cannot depend on its alumnae for direct financial support. To balance its budget, the College relies on the contributions of devoted friends and the regular fund raising activities conducted by the College.

To secure the future of its mission, Assumption College for Sisters has initiated an Endowment Fund. ACS invites individuals and corporations to share in its ministry of preparing women religious for a life of consecrated service through their charitable donations. All contributions are tax-deductible.

Assumption College for Sisters reserves the right to change established tuition, fees and services, to add fees and services and to determine the effective date of such changes without prior notice.

🌀 Student Life 🌀

Student Body

The students at ACS exemplify the beauty of unity in diversity. These women, united in their aspirations to live a life of holiness as religious consecrated to God in the service of his people, are diverse in background, experience, nationality, race, and the charism of their specific communities.

The presence of lay students in classes is another source of diversity which strengthens the unity of the College. The witness of their deep faith and the sharing of experiences inspire both students and faculty.

The students' well-balanced life of prayer, study, work, and recreation in community accounts for their goal-centered and characteristically joyful approach to life. The benefit of a liberal arts curriculum, with theology and philosophy at its core, provides a strong foundation to the Sister-student's religious formation.

A student's credit load coincides with her stage of religious formation as required in her particular community. Some students carry only one or two courses a semester, because superiors have assigned them to participate in their community's active ministry. This arrangement delays academic progress but compensates by providing opportunities for service in the Church through participation in the various community apostolates.

During their period of initial formation, students gain experience in the ministries of their respective communities. Such occasions offer them many opportunities to share their faith with children in local parishes, to participate actively in youth ministry, to serve those with special needs, to visit the elderly and the imprisoned, or to observe and assist professionals in the ministries of education and health care.

Student Services

Student Assistance

Students have ready access to academic guidance through the Academic Dean or faculty members. Small classes allow course instructors to recognize individual needs and to provide help. The Academic Dean meets with students as needed to discuss their progress and to offer assistance. The Coordinator of Residential International Student Services (CRISS) is available for the international resident students, providing assistance beyond the academic realm, including needs of daily living, health care, and transportation.

Placement Tests

Upon admission, all full-time international students are required to take the ACCUPLACER™ tests to aid in making placement decisions, especially for determining the necessity of ESL courses. These tests are also administered to other students when deemed necessary by the Academic Dean.

Learning Resources

The College holds membership in the Virtual Academic Library Environment (VALE), a consortium of academic libraries in the State of New Jersey. Through VALE, faculty and students are able to access numerous journals and professional periodicals via the EBSCOhost Research Databases. The College is also a member of the LibraryLinkNJ (New Jersey Library Cooperative) a non-profit, multi-type cooperative sharing resources, services, and expertise among libraries in Northern New Jersey.

Full-time students are taught the basics of internet searching and bibliographic citation, evaluating information obtained from the internet, and copyright and plagiarism policies.

Library Services

At present, the College print library holdings are located in the main convent classroom as well as in the designated rooms within the Morris Catholic High School. AV holdings are in the designated classroom in the Morris Catholic High School and in the main classroom.

Students are taught how to use the library catalog system on Google drive to access the materials in the ACS library and how to use the reference materials at ACS and on the internet. A library catalog system is accessed through the cloud using acs350.org Google drive. It is accessible to every member of the College via the internet. Faculty, staff, and students check out and return books through the Google drive.

In addition, resident students possess a Denville Library Card with full privileges, which allows them to check out books at Denville Library and all of the libraries in Morris County (called M.A.I.N. libraries), excluding college and university libraries. Denville Library holds one Denville Library card for general use for the non-resident students, which allows access to the Denville Library and Morris County Library only.

Denville Library holds a “Courtesy Card” for all faculty members, who provide proof of employment at ACS via Faculty ID cards. This “Courtesy Card” entitles the faculty to use only the Denville Library (www.denvillelibrary.org) and Morris County Library (www.mclib.info).

Arrangements for library usage have been made with neighboring institutions: Seton Hall University, South Orange, NJ, and the College of Saint Elizabeth, Convent Station, NJ. At Seton Hall, ACS President and ACS IT Consultant have a guest account for one year. Students and faculty members have been registered as borrowers. Printed materials can be requested through the College of Saint Elizabeth and Seton Hall University libraries by contacting the Interlibrary Loan/Reference librarians.

From the ACS website students have access to various open access resources: Internet Archive, Open Library, Directory of Open Access Journals, ERIC – Institute of Education Sciences, and LibriVox – Free Public Domain Audio Books.

Cultural Enrichment

The College and the students' respective religious communities provide experiences enhancing the liberal arts courses and preparing students for their ministries. ACS sponsors lectures, workshops, and dramas to augment the students' appreciation of culture. Occasional field trips for faculty and students enrich classroom presentations. Instructors also enhance their classes through creative assignments, participation in local workshops, and similar activities.

Disability Services

Assumption College for Sisters is committed to providing equal educational access/opportunity to students with disabilities in accordance with Section 504 of the Rehabilitation Act of 1973, Section 508 of the Rehabilitation Act Amendments of 1998, and the Americans with Disabilities Act Amendments (ADAA) of 2008.

An individual with a disability who is qualified for admission, to ACS, will have the same access to programs, services, and activities as all other students. ACS will make reasonable modifications to its policies, practices, and procedures unless doing so would fundamentally alter the nature of the program, service, or activity, or pose an undo administrative or financial burden on ACS.

ACS will provide services in a manner that promotes the independence and inclusion of disabled students in all aspects of college life.

Health

Completed health forms are required before admission, as stated in the "Admissions" section of this Bulletin.

For members of the various religious congregations attending ACS, health (both physical and mental) needs are addressed through the services provided by the respective religious congregations.

For the international resident students, health needs are addressed through the Coordinator of Resident International Student Services' cooperative efforts working with local doctors and dentists in the area, and through the "Health and Wellness" classes conducted during the summer session.

Student Grievances

The mission of Assumption College for Sisters is “to provide a value-centered, two-year program” as stated in our Bulletin. At Assumption College for Sisters, administration, faculty and students are encouraged to reverence the dignity of each other. Hopefully, in this atmosphere of mutual respect, problems can be avoided or favorably resolved between individuals. For a written description of the policy and methods used in handling student complaints, go to <http://acs350.org/student-life/student-life-student-services/>.

Student Handbook

Students are responsible for reading the Student Handbook which they receive at orientation, becoming familiar with its contents, and abiding by its regulations.

Orientation

The initial program of orientation, introducing students to the unique nature of Assumption College for Sisters, takes place shortly before the opening of the fall semester. Students receive a copy of the *College Bulletin* and the *Student Handbook* during the orientation program, as well as the opportunity to become acquainted with the faculty, administrators, and other students.

The Academic Dean and the Registrar are available to any student who needs to complete the process of registration or to ask questions concerning her schedule.

The initial orientation to the library begins at this time and continues at a later date as described in the “Student Life” section of this Bulletin. In addition, a technology seminar is offered to introduce the students to various applications.
