Summer Experiences

This summer, two ACS alumnae, Sister Carol Schuyler ('70) and Sister Joseph Spring ('67) participated in the Bearing Witness program, a professional development opportunity for Catholic school educators.

Sister Carol participated in the first part of the program, which provides training and resources to

teach students about the historical relationship between Jewish and Catholic communities and the impact of that relationship on Catholic teaching, catechesis, and liturgy.

Sister Joseph participated in Bearing Witness Advanced, and traveled to Israel with 18 Catholic school educators from around the country. This program provided

educators with an opportunity to gain firsthand knowledge of Israel against the backdrop of Jewish history, the Holocaust and Catholic-Jewish relations.

Since its inception, Bearing Witness has trained more than 1000 Catholic school educators. It is sponsored by the Anti-Defamation League (ADL) and endorsed by the National Catholic Educational Association (NCEA) and the United States Conference of Catholic Bishops (USCCB).

superintendent of schools, present clear examples of leadership activities, and have the support of teachers on the staff, as well as parents and another principal. A panel of peers selects the awardees of each region.

Currently missioned at St. Bernadette School in Brooklyn, NY, Sister Joan has been the principal there for the past ten

years. In 2008, St. Bernadette School was named an NCLB National Blue Ribbon School of Excellence, the only non-public school so awarded in New York State. Sister Joan is passionate about Catholic education. In her view, it is the surest way of ensuring the future leadership of our Church and country.

Sister Joan owes her success, in part, to the educational foundation she received at Assumption College for Sisters, where she earned an A.A. degree.

After graduating from ACS, Sister Joan received her B.A. in Education from Felician College in Lodi, NJ, an M.A. in Religious Studies from St. Charles Borromeo Seminary in Philadelphia, PA, and an M.S. in Education from Fordham University in New York. She is grateful to her religious community, the Religious Teachers Filippini, for all of these educational opportunities and ultimately to Almighty God for the gifts she has received throughout her life.

From the President...

Sir Isaac Newton wrote, "If we seem to see farther than others, it is because we stand on the shoulders of giants." As the new leader of ACS, I can't say I see farther than others, but I can say with great certitude, that I stand on the shoulders of giants.

As I reflect on the past history of ACS, I have experienced first hand (I guess that dates me!), the visionary leadership of Sister Augustilde, the passion for imparting "the good, the true, and the beautiful" of Sister Cecile, the gentle guidance of Sister Mary Gerard, the tenacity to reaching goals of Sister Julitta, and the courage to expand the horizons of ACS of Sister Mary Joseph. As we begin the new academic year with the theme, "Together, we can make a difference," it is my hope and prayer that I can join my gifts of mind and heart with those of the ACS community, so that the faith and learning imbibed within the walls of ACS do not remain confined here, but reverberate throughout our immediate locale, our nation, and our global village.

With the commitment of the ACS administration, staff, faculty, and students along with the aid and support of you, the friends of ACS, we can make it happen – "Together, we can make a difference!"

*With prayerful gratitude,
Sister Joseph Spring, SCC*

What is Experience Worth?

If a picture is worth a thousand words, what is an experience worth? Sister Mary Veronica and the students in her summer course, "The Church: It's Nature and History", found out when they attended Liturgy at St. Nicholas Catholic Orthodox Church in Great Meadows, NJ at the invitation of Mr. Gerard Muench, a student in the course and member of the congregation.

The Byzantine liturgy, celebrated by Rev. Petro Zybaryek, was in English with notable differences from the Roman Rite. In particular, participants received the Body of Christ, being in the shape of a cube that the priest dipped into the chalice. Then, carefully placing it into the communicant's mouth, the priest says: Sister N., Servant of God, receive the Body and Blood of Christ.

Parishioners and students said it was a day they would long remember. Elena Parres, a student, said: "Studying at ACS had already 'opened my mind' and showed me the richness of the Catholic Church, but visiting and participating in the Byzantine Liturgy opened my eyes and mind even more. God is so beyond what we can imagine!"

What is experience worth? Words in a classroom could never tell!

Further enrichment was provided by Sister Josita Marks, SCC, ('69) who lectured on Celtic spirituality and imparted to the class a new understanding of the depth and breadth of "Church."
