3 credits

Dr. Rafael Gonzalez, Ph.D.

Based on the scriptural, philosophical, and theological principles of morality, this course introduces the students to the development of moral teaching in the Catholic Church. It treats such topics as: the human person, natural law, conscience, the principle of double effect, freedom, sin, and moral living as the response to God's love. Contemporary moral issues are evaluated in the light of these principles and of magisterial teachings. These include the basic themes of Catholic Social Teachings, such as: the value and dignity of human life and of all persons, life issues, sexual morality, social justice, and care of the earth, and related themes. Moral decision-making is presented in relationship to faith and to the living of one's baptismal commitment to be followers of Jesus.
